

Project Design Phase-II

Data Flow Diagram

Date 21 September 2023

Team ID- Team-592337

Project Name Project – Airline review classification system

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.
